Oberzissen:
 Lindenstraße 1, 56651 Oberzissen

We recommend arriving by public transport!

Brohl on the Rhine
 Discover a panoramic view and the river park in Brohl. You can alight at the river station on days when boats connect with our train. On all other days follow the well signposted Katharinaweg. In summer the beer garden is open. Come and visit the old fishing boat "Katharina".

Schweppenburg-H.
 The small request stop is an ideal starting point for a walking tour. The Quellenweg and the Katharinaweg lead you to Brohl. The Mosenmühle (watermill) shop is well worth a visit. In a side valley the Tönissteiner mineral spring is located. It has been in use since Roman times!

Bad Tönisstein
 Directly below the huge railway viaduct you will find the unique trass caves - a "Traumpfad" and the "Geopfad U" hiking paths lead you directly through and further into the Wolf's gorge with a waterfall. At the roadside, you can refresh yourself in the „Bierkeller“ restaurant.

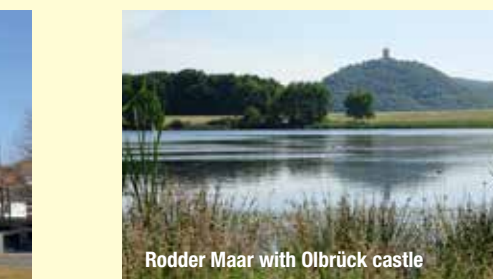

Burgbrohl
 The idyllic station of Burgbrohl is an ideal starting point for a walk to the Kaiserhalle, the only trass concrete hall in the world. In the village centre you will find the Brohltalau Ost with a water playground. Just above is the castle hotel with restaurant and beer garden.

Weiler
 Starting from our request stop at Weiler you can enjoy a walk along the Volcano and Panorama trail to the former provost Buchholz or to the Herchenberg volcano. The path is well signposted and leads on the round trip to Burgbrohl station and the trass caves as well.

Niederzissen
 At Niederzissen you'll find worthwhile tours through the former synagogue or the small World War II bunker. Henk's watermill was extensively restored. Join the Eiffelleiter trail to Bad Breisig or along the Rodder Maar to Spessart and Engeln directly at the station.

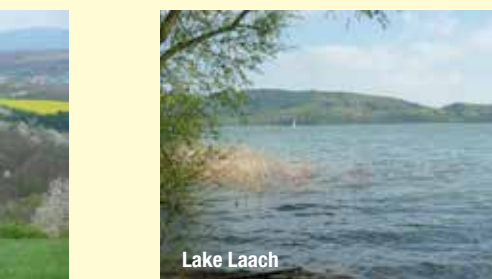

Oberzissen
 At Oberzissen the acidulous mineral spring is worth a visit. Several restaurants invite you to stop. We also recommend a short walk to Neuer Maarhof with its swingolf course and the Rodder Maar just behind it. Simply follow the signposted Osteifelweg hiking path which also leads uphill to Olbrück castle.

Brenk
 The request stop at Brenk is on the 5% steep section and is important for freight traffic, as the volcanic rock phonolite is broken up here and loaded onto container trains. From here, you can hike to Olbrück Castle and Oberzissen on the signposted Osteifelweg.

Engeln
 Our terminus Engeln is catered and first choice for excursions into nature. A small geological garden and a nice viewpoint are located nearby. Osteifelweg and Eiffelleiter, both well signposted, lead to Maria Laach, Oberzissen and Adenau. By bike you cycle down to the Rhine, Moselle or Ahr.

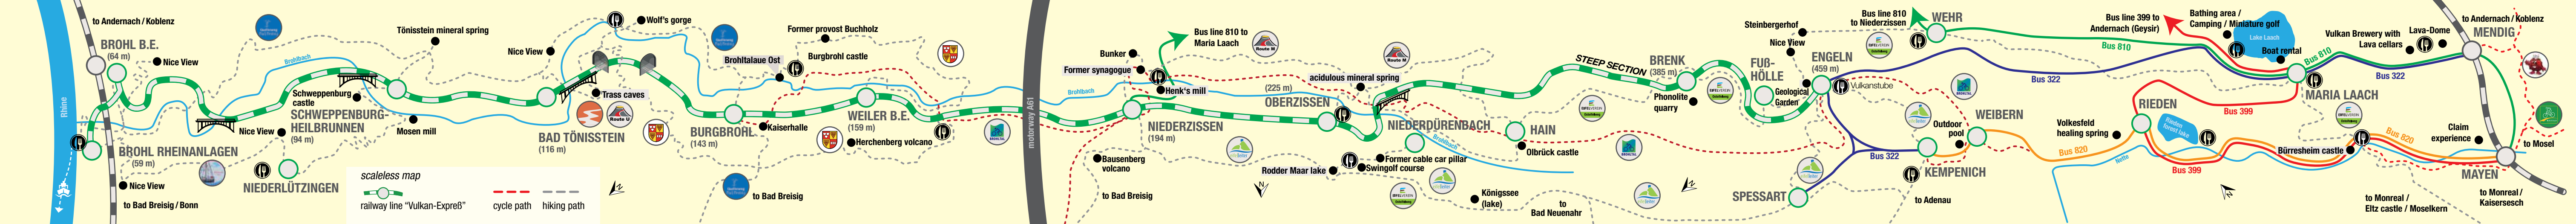

Maria Laach
 Public bus service No. 322 takes you from Engeln to Lake Laach. Enjoy bathing in the lake (at the campside), play some miniature golf, hire a boat or visit famous Maria Laach Abbey. You may also just enjoy the lake during a leisurely walk along the about 8 km long path around the lake!

Mendig
 The volcano museum "Lava-Dome" gives answers to every question connected with volcanism. In addition you can visit the famous rock cellars which – in the old days – were used to store freshly brewed beer e.g. from the neighboring Vulkan brewery. Buses No. 810 & 322 stop right outside the door.

Bürresheim castle
 Bürresheim castle which has never been destroyed, is idyllically situated in the Nette valley and has often been used in movies. Guided tours show the beautiful interior. Right next door you can refresh yourself in Hammesmühle. Bus lines 399 and 820 will take you here.

Brohltalbahn 2024

Timetables & excursions

Enjoy narrow gauge train rides between Rhine and Eifel

Welcome to Brohltal

A trip with *Brohltalbahn* is more than a train ride. It is about pure everyday deceleration, a true technology and nature experience. Join us on a relaxing trip to the volcanic region of Laacher See with its unique landscape!

Equipped with slatted wooden seats, the "Vulkan-Expreß" offers a travel experience of bygone days: A journey by rail, as it used to be in the past and therefore a new experience for a younger generation. A ride in our open summer wagon is unforgettable: Enjoy the soft breeze and the panoramic view to all sides at a top speed of 20 km/h!

On the almost 18 km long line from Brohl at the banks of the Rhine up to Engeln in the Eifel hills our train crosses several high viaducts and passes through a tunnel, just under 100 meters long. And it climbs nearly 400 meters! Just listen to the roar of the engine working full power on the 1:20 steep section of the line to get the train to Engeln!

And one must experience – at selected weekends, marked in the timetable – is the sound and power of our more than 115 years old steam engine 11⁰⁰¹!

Find more information on www.vulkan-express.de/en

Your Brohltalbahn crew

Discover the region!

Our nine train stations in the Brohl valley are ideal starting points for your excursions to discover the Eifel! Whether cycling, hiking or doing leisurely walks in the volcanic landscape, one of our stations is always nearby!

Every bikers' dream: Uphill by train, downhill by bike!

We lift you and your bike by 400 meters from the Rhine to the Eifel heights at the terminal stop Engeln. From there it is (almost) all downhill in all directions - for example on our suggested route "Panorama Cycle Path" back to Brohl. You can find tour suggestions and facts about our free bike transportation service on www.vulkan-express.de/en/bike

Hike through the volcanic region Laacher See!

Perfectly signposted hiking trails await you at many of our train stations! Whether you are planning an exciting route on the "Eifelsteig" or the Osteifelweg from the Engeln terminal station or prefer a path in the romantic lower Brohl valley, you will find our numerous hiking suggestions at www.vulkan-express.de/stationen-und-ausfluege/wandern

Public buses will take you further!

You can also reach other touristic highlights by public bus from our Engeln and Niederzissen train stations. Information can be found on pages 5 and 6 and on www.vulkan-express.de/en/bus
